Mr. William Scogin, President
Verde Environmental, Inc.
P.O. Box 8706
Houston, TX 77249

Dear Mr. Scogin:

Thank you for your continued interest in gaining licensing for use of your product "Micro-Blaze." We received and reviewed the application and supporting documentation you provided. The information contained with your application package satisfies the breadth of information required by regulations.

Enclosed is your license for the Oil Spill Cleanup Agent (OSCA) "Micro-Blaze". Unless revoked for good cause, this licenses will remain valid until September 17, 2008. At the time of renewal, a \$100 fee must be submitted to us, along with a written confirmation that the composition of your product has not been altered and that it meets the current licensing requirements. Please be aware that the Office of Spill Prevention and Response restricts the use of loose particulate materials for purposes of on-water spill response. As such, loose particulate materials must be contained, either in pillows, socks, or within the confines of booms or booming operations, for use in cleanup for all waters of the State. Additionally, the appropriateness of product use will be made on a case-by-case basis at the time oil is released into the waters of the State and is contingent upon approval by the Administrator of the Office of Spill Prevention and Response and the Regional Response Team, Region IX.

Should you have any questions or need any additional information regarding this letter or the licensing of your product, please contact Ms. Yvonne Najah Addassi of my staff at telephone number (916) 324-7626.

Sincerely,

Carlton Moore
Interim Administrator
Office of Spill Prevention and Response
